ASSIGNMENT-3

TITLE :- Three Main Scrum Roles and Their Responsibilities

Scrum Role	Responsibility (One Line)
1. PRODUCT OWNER	Defines the product vision, manages the Product Backlog, and ensures the team builds features that deliver the highest business value.
2. SCRUM MASTER	Facilitates the Scrum process, removes obstacles, and helps the team follow Scrum principles and practices effectively.
3. DEVELOPMENT TEAM	Designs, develops, tests, and delivers a high-quality, working product increment at the end of each sprint.
